## INSTRUCTIONS

These ornaments can be done in any colors. Simply choose two colors that you like together. We suggest 2 shades of a color.

You'll need two colors for each ornament. Here are the colors we used:

Yellow Ornament - Safari & Banana Boat

Red Ornament - Red Hot & Cranberry Sauce

Teal Ornament - Stonewashed & Indigo.

1. Start by painting every other section on the ornament with 3 coats of the lighter of your two colors.
2. Next, fill in the remaining sections with 3 coats of the other color that you have selected.
3. Thin down Snowflake paint with 40% water to 60% paint.
4. Load up a liner brush with the watered-down white paint. Paint thin, broken lines following along the ridge and crease on each of the sections. Repeat for a second layer.

## TIPS

- Three generous coats will give you a solid color.
- When painting the white lines, they don't need to be perfect and even. In fact, it looks better if you break the line up as you go.
